Are you equipped to evacuate your site in the event of an emergency?

The EvacPak is designed to meet the demands of the workplace in the event of a fire or emergency evacuation of a building. The EvacPak should be placed at final fire exits. It contains all essential items including x50 foil blankets should an evacuation take place through the night or a cold day. It also includes x10 high viz vests for fire marshals and a first aid kit to administer any minor cuts or grazes to employees/customers.
