Water Based Burns Dressing Large* ³	1	1	1	1
Crepe Bandage (7cm)	1	1	2	3

Notes

*1: Where more than 50 persons are employed, pro-rata provision should be made.

*2: Where mains tap water is not readily available for eye irrigation, sterile water or sterile normal saline (0.9%) in sealed disposable containers should be provided. Each container should hold at least 20ml and should be discarded once the seal is broken. Eye bath/eye cups/refillable containers should not be used for eye irrigation due to risk of cross infection. The container should be CE marked.

*3: Where mains tap water is not readily available for cooling burnt area.
